PRESS RELEASE FROM THE PREMIER, MR. DUNSTAN.

Wine and Brandy Industry.

7.10.73.

The Premier, Mr. Dunstan, is to have discussions with Federal Government leaders this week on the effects to South Australia of the increased brandy excise announced in the Commonwealth budget.

Mr. Dunstan leaves for Canberra on Tuesday night.

He said this evening that the increased excise hit particularly at South Australia. It was expected to affect sales significantly.

"We produce nearly 90% of the total Australian production and any measure which affects brandy consumption will obviously have a direct impact on this State and particularly the Upper Murray area," he added.

Mr. Dunstan said he would be putting a detailed case before the Federal Government and seeking relief from the increase.

The Premier said he also planned to raise the budget changes in wine and brandy stock valuations which would also adversely affect the industry.
